## I. BASIS FOR JURISDICTION

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation, and the amount in controversy is more than \$75,000, is a diversity case. In a diversity case, no defendant may be a citizen of the same State as any plaintiff.

State here briefly the FACTS that support your case. Describe what happened, how you were harmed, and what each defendant personally did or failed to do that harmed you. Attach additional pages if needed.

From years 2021 - 2024, I was approached by Google Technical Sources and Recruiters to interview for several positions including Software Engineer and Customer Engineer. In the summer of 2024, I had 2 interview rounds for a Customer Engineer role. The recruiter provided positive feedback over the phone, and informed me that my application will be placed on hold and the role would be going to an internal candidate. My application was later picked up again in October 2024 when the same source reached out to me again regarding another Customer Engineer position. I completed another two interviews, both technical and specific to the role. I received positive feedback yet again, via email, and for the final round I was asked to prepare a

technical presentation of a repeatable and relevant solution. I delivered the presentation (30 minutes + 15 minutes of questions/answers) virtually to Matt Bridge, the hiring manager, and Jimmy Ruiz, Sr. Customer Engineer. I answered all questions and later was declined a job offer without explanation. I proceeded to continue getting certified and applied several times to the same position as well as other open positions within Google that I met the criteria for, and still was rejected every time. I reached out to the recruiters, INJURIES: the hiring manager, via email and linkedin.

If you were injured as a result of these actions, describe your injuries and what medical treatment, if any, you required and received.

(continued on attached paper)

I received and continue to receive psychiatric medical treatment as a result of the repeated systemic abuse caused by Google and its actors.

#### IV. RELIEF

State briefly what money damages or other relief you want the court to order.

\$1,000,000 (one million U.S. Dollars) to relieve monetary burdens caused by discrimination which led to ~~myself~~ extended unemployment and longterm career impacts.

Facts Continued (page 1/1)Nesha Anderson

When I reached out to the Google team members, managers and recruiters, I was consistently dismissed and my concerns for my safety were ignored. I faced emotional distress, financial distress due to extended undue unemployment. I wasted months of resources, time, energy towards this job process, resources that could have been spent interviewing with a company with an actual intent to hire. This delayed my employment, cost me experience, promotions, and network.

I feared retaliation for speaking up against Google and its actors - especially since there have been suspected cases of fatal retaliation at the NYC Google offices in 2023.

I experienced blatant discrimination and theft of content of the interview materials requested from me. I was not given any job offer, credit or compensation - and no viable justification was given. I maintain that I was rejected the job offer as a result of implicit bias. I was unaware of my legal right and did not realize I waived my right to defense.

I was interviewed by 3 male presenting employees. I was not accommodated for neurodivergence. I was discriminated for my sex, gender identity, religion, ethnicity and class.
